

## Full job description

NDT Trainer/Tutor - Daresbury, England UK

Array Training is a leading Non-destructive Testing (NDT), examination and consultancy business based in the UK.

If you have a passion for delivering training, as well as developing your own skills and knowledge through professional development, this could be the role for you.

Due to the company's growth and promotion within, an exciting opportunity has arisen to join Array Training as a permanent, full-time NDT Tutor, based in Daresbury, England.

The primary role of the NDT Tutor is to deliver training in a professional manner to Array Training students consistently with our approved standards. The successful candidate will also provide support to our examination services. The NDT Tutor will support the Regional NDT Manager/Training Manager to ensure the smooth running of training courses including the practice areas, training rooms, equipment, training documents and procedures.

Although primarily based in Daresbury, England - this job position requires travel throughout the UK and overseas.

### Qualifications/experience:

- PCN Level 2 or Level 3 in one or more NDT methods
- Minimum one year's industrial experience in the field of NDT
- Experience in the energy sectors an advantage
- Excellent communication skills at all levels of the organization, both internal and external

Array Training offers a competitive salary and benefits package. Actual remuneration will be dependent on qualifications and experience/skills achieved by the successful candidate.

If you are interested in applying for this position, please submit your CV by email, including NDT Tutor in the title, direct to [hr@arraytraining.com](mailto:hr@arraytraining.com).
